Telemedicine for the support of parents of high-risk newborn infants (Review)

Tan K, Lai NM

This is a reprint of a Cochrane review, prepared and maintained by The Cochrane Collaboration and published in The Cochrane Library 2012, Issue 6

http://www.thecochranelibrary.com
CONTRIBUTIONS OF AUTHORS
KT and NL co-wrote the protocol and search strategy. They also conducted searches, evaluations of the studies separately and wrote up the review jointly.

DECLARATIONS OF INTEREST
None declared by the authors.

SOURCES OF SUPPORT
Internal sources
- Southern Health, Australia.
  KT is employed by Monash Medical Centre, Southern Health and Monash University
- Monash University Sunway Campus, Malaysia.
  NML is employed by Monash University Sunway Campus, Malaysia

External sources
- Eunice Kennedy Shriver National Institute of Child Health and Human Development National Institutes of Health, Department of Health and Human Services, USA.
  Editorial support of the Cochrane Neonatal Review Group has been funded with Federal funds from the Eunice Kennedy Shriver National Institute of Child Health and Human Development National Institutes of Health, Department of Health and Human Services, USA, under Contract No. HHSN275201100016C.

DIFFERENCES BETWEEN PROTOCOL AND REVIEW
The following items have been added.
1. Search yields leading to selection of studies.
2. Description of studies and 'Risk of bias' assessment of the included study, with 'Risk of bias' summary and graph included.
3. Summary of results in RevMan and 'Summary of findings' table.
4. Discussion, conclusions and abstract.
