Dear Professor Bari,

It is with great pleasure that I write to inform you that your submission has been accepted for publication in *LawAsia* journal. It will be part of the edition to be published later this year.

I attach a report received from a referee. As you will see, it is very positive and does not require any changes by you. There is one suggestion which you might consider. Could you please consider the report, and any other minor changes you may wish to make, and get back to me by email, attaching a revised article (if relevant), by early October?

After this, we will provide you with a proof version for you to check, just prior to publication.

If you have any queries or a difficulty regarding timing, please feel free to contact me.

Kind regards

Francesca
