## 1 INTRODUCTION

1.1 Background Of The Study                                      1  
1.2 Problem Statement                                             5  
1.3 Research Questions                                            6  
1.4 Objectives Of the Study                                      7  
1.5 UGAT KM Strategy Assumptions                                 7  
1.6 Scope Of Study                                                8  
1.7 Research Methodology                                          9  
1.8 Tools, Programming Languages And Prototype System Development 9  
1.9 Organization Of The Study                                    9
