I am postgraduate student of the Master of Computer Science, Faculty of Computer Science and Information Technology, University Malaya. This survey is being conducted as a part of my academic research, and for educational purpose only. The aim is to find, analyse and examine the diagnosis as well as treatments that are present in BPH. To develop a computer based program in diagnostic and treatment of the patient with BPH.

Please tick where appropriate and write short answer where needed.

1. Gender

Male ☐ Female ☐

2. Position

Urologist/Physician ☐ Nurse ☐

3. How many years are you in this position?

Less than 3 ☐ 3-5 ☐ 6-10 ☐

11-20 ☐ More than 20 ☐

4. What are signs of enlarging prostate?

i. ___________________________

ii. ___________________________

iii. ___________________________

iv. ___________________________

v. ___________________________

vi. ___________________________

vii. ___________________________

viii. ___________________________

ix. ___________________________

x. ___________________________

5. Do you refer to the International Prostate Symptom Score (IPSS) and Quality of Life (QOL)?

1) Yes ☐ 2) No ☐
6. How will you rate the score from IPSS and QOL?

Excellent  Good  Reasonable  Poor  Awful

☐  ☐  ☐  ☐  ☐  ☐

7. What are diagnostic tests for Benign Prostatic Hyperplasia (BPH)?

i. ___________________________________________________

ii. ___________________________________________________

iii. ___________________________________________________

iv. ___________________________________________________

v. ___________________________________________________

vi. ___________________________________________________

vii. ___________________________________________________

viii. ___________________________________________________

ix. ___________________________________________________

x. ___________________________________________________

8. What are the main treatments for the patients with BPH?

i. ___________________________________________________

ii. ___________________________________________________

iii. ___________________________________________________

iv. ___________________________________________________

v. ___________________________________________________

vi. ___________________________________________________

vii. ___________________________________________________

viii. ___________________________________________________

ix. ___________________________________________________

x. ___________________________________________________

9. Do you think that a computer based program with standardized guidelines in diagnostic and treatment of patient with BPH, will be helpful in your daily work?

Yes ☐          No ☐

10. Do you consider yourself as a computer literate?

Yes ☐          No ☐
