CONTRIBUTIONS OF AUTHORS
NML, SCF, WCF and KTAN drafted the protocol.
NML, SCF and WCF performed the search and identified relevant articles.
NML and SCF acquired full texts for articles identified to be potentially suitable.
NML and SCF independently assessed the eligibility of the articles identified.
NML, SCF, WCF and KTAN wrote the description of studies, the results, discussion and conclusions.
NML wrote the abstract.
NML and SCF wrote the plain language summary.
All authors approved the final draft.

DECLARATIONS OF INTEREST
None declared by the review authors.

SOURCES OF SUPPORT

Internal sources
- No sources of support supplied

External sources
- SEA-ORCHID (South East Asian Optimising Reproductive and Child Health Outcomes for Developing Countries) Project, Malaysia.
  A five year (2003-2008) project, funded by National Medical Research Council of Australia and Wellcome Trust, and supported by Cochrane Australasian Centre, involving four South East Asian countries (Indonesia, Malaysia, Philippines and Thailand) aiming to promote the synthesis and use of high-level clinical evidence particularly for topics in maternal and child health that are relevant to this part of the world.
- Eunice Kennedy Shriver National Institute of Child Health and Human Development National Institutes of Health, Department of Health and Human Services, USA.
  The Cochrane Neonatal Review Group has been funded in part with Federal funds from the Eunice Kennedy Shriver National Institute of Child Health and Human Development National Institutes of Health, Department of Health and Human Services, USA, under Contract No. HHSN267200603418C.
